ACS Renewal (Gas) (Part-Time) (PLA Funded Only)

This course is offered with PLA funding for eligible learners – for more information visit https://business.nptcgroup.ac.uk/fundingopportunities/personal-learning-accounts/ Alternatively visit our non-PLA version https://www.nptcgroup.ac.uk/courses/acs-renewal-gas-part-time/

This course is for individuals who are experienced gas fitters with existing gas knowledge and skills looking to renew their certificates.

ACS qualifications must be renewed every 5 years to ensure gas engineers can continue to work safely and legally.

We also offer initial gas training and qualification to ACS Gas Industry standard, as well as a Managed Learning Program over 12 weeks (portfolio work evidence will need to be provided).

Entry Requirements

You will need to provide proof of existing qualifications and evidence to be able to do the reassessment, we require a Level 2 qualification as minimum entry.

Assessment

– Theoretical and practical training will be provided for initial or reassessment training
– Assessment will be done by an independent college assessor with written and practical summative assessments over 1-6 days depending on categories

Additional Costs

There is a £45 Materials fee.
