CompTIA Data+ (Part-Time)

CompTIA Data+ is an entry to mid-level, vendor-neutral qualification for professionals who work with data which helps bridge the gap between IT and business.

This course is designed to validate skills in data literacy and analytics, which are critical for business decision-making, and covers both technical and business communication skills.

Entry Requirements

Delegates must have access to a computer. This course is recommended for professionals with 1+ years of experience working with data in a business setting.

Career Prospects

Successful delegates gain increased employment opportunities in the IT sector, and gain access to higher salaries and senior roles.

Course Modules

This course covers:
– Data Concepts & Environments
– Data Mining & Manipulation
– Data Analysis
– Visualization
– Data Governance, Quality & Controls

Assessment

Assessed via Exam

Additional Costs

Funding is available subject to eligibility criteria. Contact us to find out more.
