

# IEMA Pathways To Net Zero (Part-Time)

This course aims to provide supervisors and leaders with a strategic and operational overview of environmental sustainability as it affects their industry and work area by providing clear, consistent guidance on the best way to respond to the climate crisis.

## Entry Requirements

There are no formal entry requirements, but ideally, candidates will be working in a practising role so they can easily put what they've learned into action.

## Career Prospects

Successful delegates gain the opportunity to progress on to the IEMA Foundation Certificate in Environmental Management course.

## Course Modules

This course covers:

- Why net zero?
- Responding to net zero
- Greenhouse gas accounting - a primer
- Carbon neutrality
- Net zero methodologies
- Developing a decarbonisation plan
- Net zero across the value chain
- Communicating net zero
