

IOSH Managing Safely

IOSH Managing Safely is the market-leading health and safety course for management. This is a flexible course for managers and supervisors in any sector, in any organisation.

This course aims to train managers to apply management principles to health and safety issues as part of a total management strategy. It is ideal for ensuring managers are up-to-date on the skills they need to tackle health and safety issues within the workplace.

This course covers the following topics:

- Assessing risks
- Controlling risks
- Understanding responsibilities
- Understanding hazards
- Investigating incidents
- Measuring performance
- Protecting the environment

Entry Requirements

None

Career Prospects

Working as a H&S Manager. Also, supervisors or managers from any organisation who are required to manage efficiently and effectively in compliance with both the organisation's safety policy and health and safety legislation.
