ISEP Certificate in Environmental Management (Part-Time)

This course aims to provide delegates with a deep understanding of environmental and sustainability issues as well as the ability to apply environmental management, assessment tools, and skills that are needed to drive organisational change towards sustainability and be an effective ISEP environment or sustainability practitioner.

This course is ideal for people already working in an environmental management or sustainability role.

Entry Requirements

Delegates will need a foundation level of environmental knowledge to apply for this course.

Career Prospects

On successful completion of this course, delegates can gain ISEP practitioner status (PISEP), gaining exclusive access to webinars, networks, mentors and more.

Course Modules

This course covers:
– Fundamentals of Sustainability, Business, and Governance
– Environmental Principles, Policy, and Legislation
– Environmental Management/Assessment Tools and Skills

Assessment

– Knowledge-based assignment per Module
– Assessment of Competence – Evidence of knowledge application in the workplace

Additional Costs

Funding is available subject to eligibility criteria. Contact us to find out more.
