

# Level 2 Award in Introduction to Hydrogen Safety Practices (Part-Time)

This qualification aims to assist individuals in the Gas and Hydrogen infrastructure industry, whether already working or aspiring to do so, by demonstrating their comprehension of maintaining safety standards and recognizing the importance of safety in hydrogen-related work.

Deepen your understanding, refine your skills, and gain confidence in applying your knowledge to more advanced challenges in real-world scenarios.

## Entry Requirements

There are no formal entry requirements for this qualification, although prior achievement of the Level 1 Hydrogen Safety Practices would be preferred.

## Career Prospects

Successful delegates will gain the opportunity to progress onto the level 3 Award in Hydrogen Safety Practices, and gain increased employment prospects within the Gas and Hydrogen infrastructure industry

## Course Modules

This course covers:

- Unit 1 - Hydrogen Fundamentals
- Unit 2 - Introduction to Hydrogen Safety

## Assessment

End of course knowledge test.
