

## Level 3 Emergency First Aid at Work (Part-Time)

The Health & Safety (First Aid) Regulations 1981 require all employers to make arrangements to ensure their employees receive immediate attention if they are injured or taken ill at work. This includes carrying out risk assessments, appointing a suitable amount of first aiders and providing appropriate first aid training.

This course gives learners the skills and confidence to respond to a range of accidents and first aid emergencies that could occur in the workplace.

If you are over 19 and are currently living in Wales you could be eligible for a FREE course under the Welsh Government Personal Learning Accounts (PLA) funding. We can discuss funding with you upon enquiry.

### Entry Requirements

None.

### Career Prospects

This course is for individuals who may need to provide first aid to someone who is injured or becomes ill at work. The course is suitable for small, low risk companies that require basic first aid cover, or for large high risk companies who require basic support for full first aiders.

### Course Modules

This course covers the following topics:

- Health & Safety (First-Aid) Regulations
- Managing an incident
- Priorities of first aid
- Resuscitation
- Common work place injuries
- Control of bleeding
- Treatment of unconscious casualty
